A certified meeting in Germany with 16 credits.

ARN: 13085060

As many already know this workshop bears some specialties:

International character – opinions from many countries are to be heard about, practical topics and courses, semi- live operation course, intimate atmosphere, each participant is also referee, topic discussions without prepared lectures.

The convention has the form of a large roundtable talk without a program elaborated in detail. To each topic you can present your proposals or short lectures. The program as ever before is just globally outlined; the particular lectures are not listed, so there is still room for some surprise. The lectures are held in English or German language, the beamer presentations are supposed to be shown parallel in both languages.

Prof. Dr. med. Z. Várady

President of honor of the
Int. Forum for Minisurgery of Varicose Veins

Prof. Hon. (Univ. Puebla)
