Dear Colleagues,

It is a great pleasure to invite you to participate in the 16th Cosmetology Congress of the Hungarian Dermatological Society, which will be held at the Zsolnay Cultural Quarter in Pécs, Hungary from 2-4 June 2016.

I am delighted to welcome you in Pécs, which was the European Capital of Culture in 2010. The Zsolnay Quarter might just be the most beautiful gem of Pécs.

Facing the imposing pyrogranite yard of the Zsolnay Cultural Quarter, the E78 building overarches the past and the future. The conference room, located in this former pyrogranite combustor, connects the modern and historic parts of the factory building ensuring a uniquely special atmosphere in addition to the various programs.

Appellated by the Zsolnays themselves, the E78 building is a real multifunctional monument. We truly believe that the social and scientific programs along with all the extraordinary facilities and cultural attractions of the Zsolnay Quarter (free admission for all participants) will offer pleasant amusements and a useful pastime for our guests!

The 11th Congress of Hungarian-German Dermatology Association will also be hosted by this Congress therefore we are honored to welcome noted foreign lecturers and organize the traditional football-games of the hungarian-german dermatologists.

Included in the scientific program we intend to place a special emphasis on the practical knowledge of the aesthetic dermatology, thus we provide intense small group workshops with practical hands-on experiences, keynote lectures by experts in their respective fields (for example: botulinum toxin, peeling, laser).

I look forward to welcoming you in this historic and charming city, Pécs.

Prof. Dr. Rolland Gyulai

Chairperson of the Congress
